Directors' Report

Your directors submit the financial report of QEM Limited (referred to hereafter as "QEM", or the "Company") for the period ended 31 December 2025.

DIRECTORS

The names of Directors who held office during or since the end of the period are:

Timothy Wall	Non-Executive Chairman
Gavin Loyden	Managing Director (resigned 2 July 2025)
Daniel Harris	Non-Executive Director
Robert Cooper	Managing Director (appointed 2 July 2025)

PRINCIPAL ACTIVITY

The principal activity of the Company during the financial period was the exploration at the Julia Creek Vanadium and Energy Project (JCVEP).

RESULTS

The loss after tax for the period ended 31 December 2025 was \$1,500,553 (2024: \$1,770,050).

REVIEW OF OPERATIONS

Mine development

Drilling Campaign

In August 2025, QEM completed a five-hole drilling programme in Julia Creek, for the installation of five additional groundwater bores across the tenement for the purpose of environmental baseline monitoring. The water bores ranged in depth from 30m-100m targeting the Allura Mudstone Formation, Toolebuc Formation and the Wallumbilla Formation.

Fresh core samples from these holes were also collected for assaying and metallurgical test work, initially expected to be completed in Q1 of 2026. Subsequent to the reporting period, it was determined that assaying of these holes was not required as sufficient coverage was already provided by existing drill holes.

Mineral Characterisation and Beneficiation work – The University of Queensland and Core Resources*

In September 2025, QEM received the results of the flotation and beneficiation programs undertaken by the University of Queensland's Sustainable Minerals Institute (SMI), and Core Resources (Core). The studies provided the most detailed understanding to date of mineral associations within the Julia Creek ore body.

The objective of the SMI test work was to enhance flotation selectivity and improve recovery of kerogen, calcite, and vanadium-bearing minerals. Flotation test work undertaken by Core aimed to characterise CQLA and CQLB coquina composite material (located above the oil shale), in terms of grade, mineralogy and particle size, and test the amenability of the samples to be upgraded by beneficiation/flotation.

The test work outcomes were found to affect material assumptions underpinning the 2024 Scoping Study. As such, QEM advised that the outcomes of the Scoping Study should no longer be relied upon, and that a further review of flowsheet options and mineral associations would be undertaken before progressing additional metallurgical testing and integrating these findings into a strategic review of the JCVEP.

Environmental and Approvals

Baseline Water Monitoring

During the reporting period, QEM conducted two rounds of environmental surface water and ground water surveys. The purpose of this work is to provide an assessment of baseline groundwater and surface water conditions to support preparation of an Environmental Impact Statement (EIS). In accordance with the Environmental Protection Act 1994, this EIS is a requisite to obtain Environmental Authority. QEM has now completed 24 months of data to 30 June 2025, with samples collected quarterly since then.

Cultural Heritage Management Plan

Under the Aboriginal Cultural Heritage Act 2003 and the Torres Strait Islander Cultural Heritage Act 2003, a CHMP is mandatory for any project that requires an environmental impact statement (EIS) or certain other approvals. This means that for major developments, such as the JCVEP, a CHMP must be developed and approved before the project can proceed.

On 8 July 2025, QEM finalised and signed the Cultural Heritage Management Plan (CHMP) with the Wanamara people for the JCVEP. Upon finalisation of the Cultural Heritage Management Plan, QEM conducted the first cultural heritage survey with the Wanamara people in August 2025. This survey was targeted to assess and clear the proposed drill pads and tracks required as part of the September drilling campaign. No significant remains or artifacts were found as part of this survey, however QEM will continue to monitor the area during the disturbing and rehabilitation activities.

Strategic Review

In light of the metallurgical test work results received in September 2025, combined with a depressed vanadium price and challenging short-term global outlook, the Company initiated a strategic review of the JCVEP in September 2025. During this reporting period, QEM has:

- Slowed activities and expenditure associated with development to preserve capital.
- Continued water monitoring and environmental baseline studies required for the EIS; five new ground water monitoring bores were installed in September.
- Continued working with our partner, Potentia Energy, on advancing the Renewables Project.
- Investigated broader corporate opportunities that may enhance shareholder value.

The Strategic Review is expected to be completed by the end of March 2026.

Corporate

2025 Annual Report and AGM

On 30 September 2025 the Company issued its Annual Report to shareholders for year ending 30 June 2025. The full report is available on the QEM website.

The QEM Annual General Meeting of shareholders was held on 26 November 2025, with all resolutions being passed by members.

SUBSEQUENT EVENTS

QEM undertook water bore drilling in September 2025 and took the opportunity to sample these holes even though they were completed for water sampling. As such the assays were not considered a high priority. QEM was originally provided with an estimated turnaround time that indicated that the assay results would be received in January 2026. As part of the Strategic Review, and subsequent to the release of the December 2025 Quarterly Report, the Company took the decision to not proceed with the assaying of the samples. This decision will be reported in the March 2026 Quarterly Report.

On 18 February 2026, the Company announced that it had received firm commitments for a placement of approximately 59.1 million fully paid ordinary shares in the Company (**Shares**) to sophisticated investors to raise a total of \$1.418 million (before costs) at an issue price of \$0.024 per Share. Managing Director, Robert Cooper, has (subject to shareholder approval) committed to subscribe on the same terms for 1,000,000 Shares, bringing total commitments received to \$1.442 million. Participants (including Mr Cooper) in the Placement will also be issued a total of 30.05 million attaching unlisted options to acquire Shares (**Options**), on the basis of one option for every two Shares issued, for nil additional consideration (**Placement**), subject to shareholder approval. 59,100,000 Shares were issued on 24 February 2026.

As previously reported, an investor in the placement completed in June 2025 had failed to settle for their committed \$241,500 worth of shares. At 30 June 2025, despite commencing legal proceedings to recover the debt, the Company had recorded a provision against the receivable. During March 2026, the Company recovered \$161,000 of the debt.

There were no other matters or circumstances that have arisen since the end of the financial period which significantly affected or may significantly affect the operations of the Company, the results of those operations, or the state of affairs of the Company in future financial periods.

SIGNIFICANT CHANGES IN THE STATE OF AFFAIRS

There were no significant changes in the state of affairs of the Company during the financial period.

AUDITOR'S INDEPENDENCE DECLARATION

The lead auditor's independence declaration for the period ended 31 December 2025 is set out on page 21.

This report is signed in accordance with a resolution of the Board of Directors, pursuant to section 306(3)(a) of the Corporations Act 2001.

Notes to the Condensed Financial Statements for the half-year ended 31 December 2025

1. SUMMARY OF MATERIAL ACCOUNTING POLICIES

Basis of Preparation

These general purpose interim financial statements for the period reporting period ended 31 December 2025 have been prepared in accordance with Australian Accounting Standard AASB 134: *Interim Financial Reporting* and the *Corporations Act 2001*. The Company is a for-profit entity for financial reporting purposes under Australian Accounting Standards.

This interim financial report does not include full disclosures of the type normally included in an annual report. It is recommended that this financial report to be read in conjunction with the annual financial report for the year ended 30 June 2025 and any public announcements made by QEM Limited during the reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001*.

The same accounting policies and methods of computation have been followed in this interim financial report as were applied in the most recent annual financial statements aside from the adoption of the accounting policy identified below.

Going Concern

The half-year financial report has been prepared on the going concern basis which contemplates the continuity of normal business activity, the realisation of assets and the settlement of liabilities in the ordinary course of business.

For the half-year ended 31 December 2025 the Company generated a loss of \$1,500,553 and incurred operating cash outflows of \$1,749,652. As at 31 December 2025 the Company has cash and cash equivalents of \$1,076,211 and net assets of \$1,362,107.

The Company's ability to continue to adopt the going concern assumption will depend upon the Company being able to manage its liquidity requirement and by taking some or all of the following actions:

1. raising additional capital;
2. successful exploration and subsequent exploitation of the Company's tenements;
3. applying for government grant funding; and
4. reducing its working capital expenditure.

The Company has a strong track record of raising capital, evidenced by the \$20.6m raised since the Company's IPO in 2018. As announced on 18 February 2026, the Company completed a private placement, raising \$1.4m (before costs).

The directors have concluded as a result of the requirement to raise funds currently, and in the future, there exists a material uncertainty that may cast significant doubt regarding the Company's ability to continue as a going concern and therefore, the Company may be unable to realise their assets and discharge their liabilities in the normal course of business. Nevertheless, after taking into account the current financial position of the Company, and the Company's ability to raise further capital, the directors have a reasonable expectation that the Company will have adequate resources to fund its future operational requirements and for these reasons they continue to adopt the going concern basis in preparing the financial report.

1. SUMMARY OF MATERIAL ACCOUNTING POLICIES (Continued)

Should the Company be unable to continue as a going concern it may be required to realise its assets and extinguish its liabilities other than in the normal course of business and at amounts different to those stated in the financial statements. The financial statements do not include any adjustments relating to the recoverability and classification of asset carrying amounts or to the amount and classification of liabilities that might result should the Company be unable to continue as a going concern and meet its debts as and when they fall due.

New and Amended Standards and Interpretations

The Company has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board (AASB) that are mandatory for the current reporting period. Adoption of these new and amended standards and interpretations did not have material impact to the financial statements.

Notes for the above table are:

- (i) In November 2024, a total of 2,500,000 options were issued to a director. These options are in four tranches: Tranche 1, Tranche 2, Tranche 3 and Tranche 4.
- Tranche 1: 500,000 options with an exercise price of \$0.14 expiring 1 October 2027. These options will vest upon completion of core floatation and beneficiation test work completed by 30 March 2025; and UQ technical studies completed by 30 September 2025.
 - Tranche 2: 500,000 options with an exercise price of \$0.14 expiring 1 October 2027. These options will vest upon completion of necessary test-work and pre-PFS deliverables necessary to enter a Pre-Feasibility Study ("PFS"); and delivery of scope, schedule and cost proposals ready to enter a PFS by 30 September 2025.
 - Tranche 3: 500,000 options with an exercise price of \$0.14 expiring 31 July 2028. These options will vest upon the security of a strategic investor to the Company by 26 August 2027.
 - Tranche 4: 1,000,000 options with an exercise price of \$0.14 expiring 31 July 2028. These options will vest upon delivery of a PFS by 1 July 2026.

These options lapsed on 1 July 2025.

- (ii) In August 2025, 20,100,010 placement options were issued with an exercise price of \$0.065 per option.
- (iii) In August 2025, 1,559,483 lead manager fee options were issued as capital raising costs, with an exercise price of \$0.065 per option. These options were measured at fair value of \$35,377 at the grant date, using a Black-Scholes option pricing model. The key inputs used in the valuation are shown in the table below.

5. DIVIDENDS

There have been no dividends declared or recommended and no distributions made to shareholders or other persons during the period.

6. SEGMENT INFORMATION

The Company has identified its operating segments based on the internal reports that are used by the Board (the chief operating decision makers) in assessing performance and in determining the allocation of resources.

The operating segments are identified by the Board based on the phase of operation within the mining industry. During the period ended 31 December 2025, the Board considers that it has only operated in one segment, being mineral exploration.

The Board as a whole will regularly review the identified segment in order to allocate resources to the segment and to assess its performance.

7. EVENTS SUBSEQUENT TO REPORTING PERIOD

QEM undertook water bore drilling in September 2025 and took the opportunity to sample these holes even though they completed for water sampling. As such the assays were not considered a high priority and QEM was originally provided with an estimated turnaround time that indicated that the assay results would be received in January 2026. As part of the strategic Review, and subsequent to the release of the December 2025 Quarterly Report, the Company took the decision to not proceed with the assaying of the samples. This decision will be reported in the March 2026 Quarterly Report.

On 18 February 2026, the Company announced that it had received firm commitments for a placement of approximately 59.1 million fully paid ordinary shares in the Company (**Shares**) to sophisticated investors to raise a total of \$1.418 million (before costs) at an issue price of \$0.024 per Share. Managing Director, Robert Cooper, has (subject to shareholder approval) committed to subscribe on the same terms for

1,000,000 Shares, bringing total commitments received to \$1.442 million. Participants (including Mr Cooper) in the Placement will also be issued a total of 30.05 million attaching unlisted options to acquire Shares (**Options**), on the basis of one option for every two Shares issued, for nil additional consideration (**Placement**), subject to shareholder approval. 59,100,000 Shares were issued on 24 February 2026.

As previously reported, an investor in the placement completed in June 2025 had failed to settle for their committed \$241,500 worth of shares. At 30 June 2025, despite commencing legal proceedings to recover the debt, the Company had recorded a provision against the receivable. During March 2026, the Company recovered \$161,000 of the debt.

There were no other matters or circumstances that have arisen since the end of the financial period which significantly affected or may significantly affect the operations of the Company, the results of those operations, or the state of affairs of the Company in future financial periods.

8. CONTINGENT ASSETS AND CONTINGENT LIABILITIES

There have been no changes in contingent liabilities or contingent assets since the last annual reporting date.

9. COMMITMENTS*Exploration commitments*

In order to maintain current rights of tenure to exploration tenements, the Company is required to perform minimum exploration requirements specified by the Queensland Governments Department of Natural Resource and Mines. These obligations are not provided for in the financial statements.

Minimum Work Requirements	31 Dec 2025 \$	30 Jun 2025 \$
No later than 12 months	1,860,000	1,860,000

Directors' Declaration for the half-year ended 31 December 2025

In the opinion of the Directors of QEM Limited (the Company):

1. The financial statements and notes thereto of the Company, as set out within this financial report, are in accordance with the *Corporations Act 2001* including:
 - (a) complying with Accounting Standard AASB 134: Interim Financial Reporting and the Corporations Regulations 2001; and
 - (b) giving a true and fair view of the Company's financial position as at 31 December 2025 and its performance for the half year then ended.
2. In the Directors' opinion there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.

This declaration is made in accordance with a resolution of the Board of Directors made pursuant to Section 303(5)(a) of the *Corporations Act 2001*.

On behalf of the directors

Auditor's Review Report

HALL CHADWICK 

INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF QEM LIMITED

Conclusion

We have reviewed the accompanying half-year financial report of QEM Limited ("the Company") which comprises the condensed statement of financial position as at 31 December 2025, the condensed statement of profit or loss and other comprehensive income, condensed statement of changes in equity and condensed statement of cash flows for the half-year ended on that date, a summary of material accounting policies and other selected explanatory notes, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of QEM Limited does not comply with the *Corporations Act 2001* including:

- Giving a true and fair view of the Company's financial position as at 31 December 2025 and of its performance for the half-year ended on that date; and
- Complying with Accounting Standard AASB 134: *Interim Financial Reporting* and *Corporations Regulations 2001*.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's review report.

Material Uncertainty Related to Going Concern

We draw attention to Note 1 in the half year financial report, which indicates that the Company incurred a net loss of \$1,500,553 during the half year ended 31 December 2025. As stated in Note 1 these events or conditions, along with other matters as set forth in Note 1, indicate that a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern. Our conclusion is not modified in respect of this matter.

Responsibility of the Directors for the Financial Report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Company's financial position as at 31 December 2025 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

To the Board of Directors

AUDITOR'S INDEPENDENCE DECLARATION UNDER SECTION 307C OF THE CORPORATIONS ACT 2001

As lead audit Director for the review of the financial statements of QEM Limited for the half year ended 31 December 2025, I declare that to the best of my knowledge and belief, there have been no contraventions of:

- the auditor independence requirements of the *Corporations Act 2001* in relation to the review; and
- any applicable code of professional conduct in relation to the review.

Yours Faithfully,
